

Qlik® Continuous Classroom

Continuous learning, right at your fingertips

You're a new Qlik user, in need of the right knowledge and skills to get started the right way, right away. Or you're an existing user, but you're not up-to-date on the latest features, or in need of a refresh for a report that's due this week. What's the best way for you to access learning content that's just right for you, right now?

The Qlik Continuous Classroom is a self-service online platform designed to provide only the learning you need, right at your fingertips – anytime, anywhere, always. We know your job does not stop: sometimes you can't wait for the next class to learn what you need, nor do you always have the time to block days in your schedule for instructor-led training. The Qlik Continuous Classroom is the perfect training complement to ensure success in your continuous learning journey.

Your learning, your choice

Choose **what** you want to learn

- Choose your learning path based on your role, for direct job relevancy
- Pick your learning starting point based on your skills and competencies
- Find the exact content you need through smart search feature

Choose **how** you want to learn

- Choose the tools that best fit your preferred learning style
- Pick from videos, quick reference guides, exercises and quizzes
- Chat live with instructors and students

Choose **when** you want to learn

- Access anytime, anywhere, always, from any device
- Learn at your own pace: start, stop, resume, go back
- Attend office hours and webinars at your convenience

“Qlik Continuous Classroom is another example of how Qlik is delivering innovative solutions and approaches.”
Frank Kozurek, Head of Business Intelligence, National Express

How we do it

Role-based learning

Your annual subscription is structured by user role, and gives you access to all product and general analytics modules included, 24/7. Each learning pathway always includes free modules!

	 Business User	 Business Analyst	 Data Architect
	FREE	SUBSCRIPTION	SUBSCRIPTION
 Qlik Sense	●	●	●
 QlikView		●	October 2016
 Analytics	●	●	●

Modular learning

Learning is conveniently organized into modules which may be completed within a single sitting. New modules are added frequently and existing modules are updated as new product versions are released.

Video with Smart Search

30 min • Hands-on demos • Instantly find and fast-forward to any word spoken!

Learning Aids

Examples files • Self-paced practices • Quick reference guides

Test

5-question quiz • Take as many times as you like

Interactive learning

The Qlik Continuous Classroom supports a completely interactive and collaborative learning experience.

Social Collaboration

Discussion forums • Live chat during webinars and office hours

Calendar of Events

Webinars • Instructor office hours • Launch of new and updated modules

Advanced Search

Complete search of all platform content • Video smart search
