

How to Download Certificates and Logos from Qlik CertTracker

After passing a certification exam taken at a Pearson VUE Test Center, you may access [Qlik CertTracker](#) to download your certificate and official certification logo.

NOTES:

- Qlik CertTracker ONLY contains information for certification exams taken at Pearson VUE Test Centers
- Your web browser must allow pop-up windows to save or print your certificate
- Partners should refer to the Qlik Partner Brand and Style Guide for instructions on the proper usage of the certification logo
- The certification logos are in JPG (RGB) format, 300 dpi
- Certificates and logos are available in English only

Access Qlik CertTracker

From the Certification page on [qlik.com](#) or the Qlik Partner Portal, click the [Access Qlik CertTracker](#) link under Quick Links and log in.

Your login credentials are most likely *not* the same those used on [qlik.com](#) – use the “[Reset Your CertTracker Password](#)” link to recover your CertTracker login credentials with your last name and email address used to register for your certification exam on the Pearson VUE web site.

Download Your Certificate

1. After logging into Qlik CertTracker, click on [Printable Documents](#) in the left navigator.
2. In the main window, click the [Print Now](#) link in the Action column. A pop-up window will display with your certificate in PDF format.
3. Save or print the PDF file, using the menu options in the pop-up window.

Download the Certification Logo

1. After logging into Qlik CertTracker, click on [Download Center](#) in the left navigator.
2. In the main window, click the download icon for the logo. Your web browser will provide options to open or save the logo file.
