Getting Started with Qlik Managed Service Program

To join Qlik Managed Service Provider track, partners need to follow 4 simple steps.

1 Services offering and market validation

Engage with a Qlik Partner Manager to review how you plan to incorporate Qlik into your services

2 Contractual agreement

Join Qlik Partner Program and complete the Managed Services Track Addendum

3 Managed Services Track enablement

Complete basic competency modules across Commercial, Technical, Marketing and Support – easily accessible from Qlik's intuitive enablement portal, the Partner Green Line

4 Partner Success Kick Start Call

Engage with our MSP Partner Success team to kick start your services offering and validate your readiness with Qlik
