Close the Gap Between Data and Action
Real-time Data Integration and Analytics
The Data Challenge
Most organizations struggle to make actionable data available, let alone turn it into business value.

Recent studies highlight this challenge:
- 44% organizations have enough data available for making decisions
- 29% executives achieve transformational business outcomes
- 23% executives see poor data literacy as an important roadblock

The Data Opportunity
Qlik helps organizations tackle the complex challenges of transforming their data into business value. Here’s how we do it.

1. Close the Gaps
   - We help organizations create an analytics data pipeline:
     - Turning your raw data into informed action
     - Integrating data, so your users can easily manage it
     - Analyzing data, so users can understand it and take action

2. Open the Value
   - We do this through a cloud platform that includes:
     - Data integration to bring all data sources together
     - Analytics to transform data into insight
     - Supported by automation and data literacy to enhance it

3. Act in Real-time
   - This unique, innovative approach enables “Active Intelligence”:
     - Harnessing all the right data, to deliver the best insights
     - Understanding your data and taking action in real-time
     - Managing your data at the speed of business

The Data Outcome
Qlik Cloud®, Qlik’s platform for Active Intelligence, delivers real-time information and drives action, accelerating business value.

An IDC study highlights the outcome:
- 4 executives noted operational efficiency improved
- 4 business decision makers say revenue increased
- 4 executives reported profit increased
