“Qlik Support’s quick response time and willingness to help get our issue taken care of which is the best “peace of mind” we could have.”

“Qlik support has a world-class group of people who are always willing and able to provide support or offer guidance when we need it.”

Luciano Palacios, Analyst, Dynamex

How it works

Qlik Enterprise Support combines a rich mix of resources and services to guide you all along your journey with us. Our powerful self-serve portal acts as central point for all of your support needs, with links to all resources available from one place.

Getting Started

Our onboarding process ensures that you have access to all the tools you need to get up and running the right way, right away. A dedicated site leads users on a guided journey through our rich mix of training and support resources.

Getting Answers

You deserve the best answers to your questions, fast and in the moment. Instantly tap into the knowledge of our extensive Qlik Community of experts inside and outside of Qlik. Get answers at point of need and get quick access to a vast knowledgebase in our Qlik Support portal.

We'll even help you get answers to questions you may not be anticipating at the time by sending you supplemental information based on your area of expertise. Interact live with our experts right in the portal.

> Join our community at community.qlik.com

Getting Help

When you need help beyond what our community and knowledgebase can provide, you can easily submit a ticket on our support portal. Our ticket log process promptly guides you to the best expertise to address your issue, with customization to your persona and instance. Our optimized escalation process ensures that your issues are promptly addressed and resolved. If your issue is critical, you benefit from 24/7 coverage to minimize downtime. Throughout your journey with Qlik, you will always have access to the latest product updates.

CUSTOMER SUCCESS ENGINEER (CSE)

Empower your team with technical advocacy and mentorship by electing a CSE for your business:

- Provides proactive and governed advice
- Acts as your main technical contact
- Delivers advanced troubleshooting

The CSE is paid service and not included with Enterprise Support, please visit qlik.com/support for more information.

About Qlik

Qlik's vision is a data-literate world, where everyone can use data and analytics to improve decision-making and solve their most challenging problems. Our cloud-based Qlik Active Intelligence Platform delivers end-to-end, real-time data integration and analytics cloud solutions to close the gaps between data, insights and action. By transforming data into Active Intelligence, businesses can drive better decisions, improve revenue and profitability, and optimize customer relationships.
